

Manuel Luna

Manuel Luna is FRC's Assistant Manager and a Staff Firearms Instructor. "Manny," as he's affectionately known by his students, is a Sergeant in the United States Army Reserve with 5 years of experience and deployments to Iraq, Kuwait, and Qatar as part of Operation Inherent Resolve (the U.S. campaign executed to isolate and destroy the ISIS insurgency). He was also deployed to Puerto Rico for humanitarian and rescue operations in the aftermath of Hurricane Maria. In addition to being a Firearms Instructor, Manny is also a certified Range Safety Officer and school trained Glock Armorer. Manny's passion for teaching is evident both in the enthusiasm that he generates in his classes and in the glowing reviews that he receives from his students. While he is particularly good at teaching novice and first time shooters, Manny's skills run the entire gamut of firearms training, and we are looking forward to having him teach advanced classes very soon. Safety is his number one priority, and like all instructors worthy of the title, he is a life-long student of his discipline. FRC is proud to have Manny as a leading member of our team.
